

# UniSeal®

**Vinyl  
Powder-Free**

**Synthetic Exam Gloves**

Also available Powdered:

More and more people with sensitive skin are demanding alternatives to latex gloves. And we've responded with *UniSeal*® Vinyl gloves. Their state-of-the-art vinyl formulation makes them ideal for a wide range of medical, dental, laboratory, electronics, and food service applications. And they have a loose fit, to keep sensitive hands cool with less perspiration.
