- Dated Lot Codes for quality assurance and traceability
- Safety Sealed Packaging
- 50 Pair/Box, 4 Boxes/Case
- 1 Case = 1.198 Cubic Feet

Ingredients: 100% Natural Rubber Latex concentrated and compounded with specification or formulation for high flexibility.

Donning Powder Type: 100% U.S.P. surgical-grade Cornstarch

Powder Concentration Level: Less than 200 milligrams per glove

Testing Method: RRIM Modified Lowry Microassay Test with precipitation of proteins using Trichloroacetic and Phosphotungstic acids

Protein Level: Total protein content is 100 g/g or less (*Sur-G-Glove®*) and 50 g/g or less (*Sensiflex®*) of total extractable protein, using modified Lowry assay for measuring total protein.

• No sensitizing threshold. Any individual with proven hypersensitivity to natural rubber latex should consult a physician before using any latex product.
